Workgroups

Lou has created a place to put all of your information like the charter and work plans. nttt.osmre.gov/TIPS site (everyone needs to have a log in and password for that site). You need to get that information from Cathy. This is available to the states. Mobile computing and the CAD needs to be put under the TIPS banner. Lou has moved the stuff for those that have posted.

Mike license server. Bill K did not let Mike know that they were updating the license server. Mike checked new license file and reread the file. He restarted the license file on the server and went back and compared the old license file to the new license file. Had to reboot the service. Switched over to the Eastern server but are now back onto the Western server.

TIPS Team meeting is still being held in Kansas City, MO. We will be staying at the Marriott and it is within walking distance of restaurants. Bill Winters – will TIPS be paying for this? Bill C. will be letting Lou know soon about money issues. Bill J – saves money by being in Kansas City will talk to Erv about that. Bill W – any news from Mike Robinson. Lois will let us know next week. They will talk to Mike tomorrow.

Mary Greene, can we get the information out soon because of summer schedules and etc? Possibly today instead of tomorrow or next week. Lou is still unsure about the list.
