

## Ricoh Theta S, 360 degree Camera

The Ricoh Theta S 360 degree Camera is used to capture complete 360 degree spherical panoramic images and video, plus audio. This camera can be used stand-alone, or coupled with the Ricoh Theta App and Bluetooth-connected to the mobile device. The images and video can then be viewed on the mobile device, desktop computer, or even with a VR headset.

### **The System Includes:**

- Ricoh Theta S 360 degree Camera with charging cables

### **Uses:**

- Capture 360 degree panoramic images or video
- The mobile device should have Ricoh Theta App installed. (optional)

### **Maintenance:**

- Device needs charged prior to use
- Mobile device not included

### **Check out Contact information:**

This unit is available from the technical services branch of the Mid Continent Region of OSMRE in Alton, IL. Equipment is available on a case-by-case basis depending on demand. Some training on the use of the equipment and mobile software may be required depending on the user's experience level. Contact **Chris Kiser at 618 463-6463 ext. 5120 at [ckiser@osmre.gov](mailto:ckiser@osmre.gov)** for more information.
